Telephone response by the Vendor must occur within 2 hours of a service call being placed. Vendor will promptly resolve all reported software problems and provide prompt remedial action, if appropriate. Vendor will also provide for the routine distribution of manufacturer's technical or release notes in a variety of media.

Failed parts replacement - Vendor will provide for the prompt replacement of failed parts or components of owned equipment, including (but not limited to) advance shipment of replacement parts from the Vendor's inventory to be received by the customer within 24 hours of a determination that a component has failed, and will pay for the cost of the return shipment of the failed parts. Replacement parts will be at the current manufacturing revision level, and the cost of reinstallation is to be borne by the WSCA. Expedited exchange and repair must also be available from the Vendor, if required by the customer, at reasonable "time and materials" and shipping costs.

#### Option Plan 3 – 8 to 5 Service and Maintenance

On-site support for hardware and software problems using factory-certified technical staff, including full restoration of operations within forty-eight (48) hours after the reported failure or problem. Telephone response by the Vendor must occur within two (2) hours of a service call being placed for "major" failures (system down), and Vendor staff must be at the customer's site within 8 working hours. Service will include all new releases of software and installation of manufacturer's software updates. Service will include 8 a.m. to 5 p.m. access to Technical Support Hot Line for customer's "user-trained" staff to troubleshoot problems and identify component failures. Service will also include the replacement (at no additional charge to the customer) of any failed parts or components. Vendor's Hot Line must provide toll-free calling for the customer, and be staffed from 8:00 a.m. to 5:00 p.m. within the applicable time zone. Vendor will supply such "end-user" training as is needed for customer's staff to interact successfully with the Vendor's support staff on an ongoing basis. (Vendor should describe training program.)

#### 4.3.2.8

#### Option Plan 4 – 7 X 24 X4 Service and Maintenance

Problem reporting must be available twenty-four (24) hours a day, seven (7) days a week. Telephone response by the Vendor must occur within two (2) hours of a service call being placed for "major" failures (system down), and Vendor staff must be at the customer's site within 4 working hours. Responding technical staff must be factory-certified and must provide full restoration of operations within twenty-four (24) hours of the reported failure or problem. Service will include all new releases of software and installation of manufacturer's software updates. Service will include access to Technical Support Hot Line for customer's "user-trained" staff to troubleshoot problems and identify component failures. Service will also include the replacement (at no additional

charge to the customer) of any failed parts or components. Vendor's Hot Line must provide toll-free calling for the customer. Vendor will supply such "end-user" training as is needed for customer's staff to interact successfully with the Vendor's support staff on an ongoing basis. (Vendor should describe training program.) The offeror must provide the names, titles, addresses, and telephone numbers of the primary and backup contacts for service problems.

#### 4.3.2.9 Coterminous Maintenance

It is desirable that all maintenance solutions be coterminous with the use of the equipment. That is to say, if a purchasing entity replaces or discontinues the use of a piece of equipment covered under a maintenance agreement, the agreement can also be terminated and a credit is due to the purchasing agency.

Individual agencies may choose to work with the vendor(s) in order to secure maintenance agreements including contract dates coterminous with the calendar or States fiscal, and/or prorated maintenance pricing based on a calendar or fiscal year, and/or options to renew maintenance. However, it is not the intent of this RFP to define all of the possible scenarios available for these agreements. Details, other than those specified within this agreement, are to be worked out with the local vendors

***Response:***

**Enterasys Networks will refund the balance of a Service Contract should Enterasys Networks terminate the life of any product. A Service Contract may also be terminated with thirty (30) days written notice from the buyer and the contract balance will also be refunded.**

#### 4.3.2.10 Maintenance by Customer Personnel

***Response:***

**It is desirable that the equipment be designed to allow for Customer personnel to maintain the equipment and perform routine trouble shooting. The Vendor's response should include a description of what maintenance responsibilities can be assumed by the customer, and what types of skills or training would be necessary and available to perform such maintenance. Indicate if Customer personnel will be required to obtain a service certificate.**

**Before troubleshooting occurs it is advised that buyer attend, at a minimum, the Enterasys ES Switching class.**

**Western States Contracting Alliance (WSCA)**

**1. PARTICIPANTS:** Western States Contracting Alliance (“WSCA”) is a cooperative group contracting consortium for state government departments, institutions and political subdivisions (i.e., colleges, school districts, counties, cities, etc.) for the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Minnesota, Montana, Nevada, New Mexico, Oregon, South Dakota, Utah, Washington, and Wyoming. Obligations under this contract are limited to those Participating States who have signed (and not revoked) an Intent to Contract at the time of award, or who have executed a Participating Addendum where contemplated by the solicitation. Financial obligations of Participating States are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating States incur no financial obligations on behalf of political subdivisions. Unless otherwise specified in the solicitation, the resulting price agreement(s) will be permissive.

**2. DEFINITIONS:**

“Lead State” means the State conducting this cooperative solicitation and centrally administering any resulting price agreement.

“Offer” or “Bid” or “Proposal” refers to the offer submitted in response to a solicitation, whether denominated as an invitation for bid, request for proposal, or otherwise. “Bidder” or “Offeror” similarly refers to the person, company, or other entity submitting the bid or proposal that constitutes an offer capable of acceptance, regardless of the solicitation method used.

“Permissive price agreement” means that placement of orders through the price agreement is discretionary with Purchasing Entities. They may satisfy their requirements through the price agreement without using statutory or regulatory procedures (e.g. invitations for bids) to solicit competitive bids or proposals. Purchasing Entities may, however, satisfy requirements without using the price agreement so long as applicable procurement statutes and rules are followed.

“Participating Addendum” means a bilateral agreement executed by the contractor and a Participating State that clarifies the operation of the price agreement for the State concerned, e.g. ordering procedures specific to a State, and may add other state-specific language or other requirements.

“Participating State” means a member of WSCA who has indicated its intent to participate as disclosed on the solicitation, or who subsequently signs a Participating Addendum where contemplated by the solicitation.

“Purchasing Entity” means a Participating State or another legal entity, such as a political subdivision, properly authorized by a Participating State to enter into a contract for the purchase of goods described in this solicitation. Unless otherwise limited in this solicitation or in a Participating Addendum, political subdivisions of Participating States are Purchasing Entities and Participants authorized to purchase the goods and/or services described in this solicitation.

**3. QUANTITY ESTIMATES:** Estimated quantities are informational and not to be construed as a warranty of accuracy of historical or anticipated volumes or a guarantee to purchase any amount.

**4. SPECIFICATIONS:** Any deviation from specifications must be clearly indicated by offeror, otherwise, it will be considered that the proposal is in strict compliance. When BRAND NAMES or manufacturers' numbers are stated in the specifications they are intended to establish a standard only and are not restrictive unless the solicitation says "no substitute." Offers will be considered on other makes, models or brands having comparable quality, style, workmanship and performance characteristics. Alternate proposals offering lower quality or inferior performance will not be considered.

**5. ACCEPTANCE OR REJECTION OF BIDS AND PROPOSALS:** The Lead State reserves the right to accept or reject any or all bids or proposals, or parts of bids or proposals, and to waive informalities therein.

**6. SAMPLES:** Generally, when required, samples will be specifically requested in the solicitation. Samples, when required, are to be furnished free of charge. Except for those samples destroyed or mutilated during testing, samples will be returned at an offeror's request, transportation collect.

**7. CASH DISCOUNT TERMS:** Offeror may quote a cash discount based upon early payment; however discounts offered for less than 30 days will not be considered in making the award. The date from which discount time is calculated shall be the date a correct invoice is received or receipt of shipment, whichever is later; except that if testing is performed, the date shall be the date of acceptance of the merchandise.

**8. TAXES:** Offered prices shall be exclusive of state sales and federal excise taxes. Where the state government entities are not exempt from sales taxes on sales within their state, the contractor shall add the sales taxes on the billing invoice as a separate entry.

**9. MODIFICATION OR WITHDRAWAL OF BIDS AND PROPOSALS:** Bids and proposals may be modified or withdrawn prior to the time set for receipt of bids or proposals. After the time set for receipt of bids or proposals, no proposal may be modified or withdrawn.

**10. PATENTS, COPYRIGHTS, ETC:** The Contractor shall release, defend, indemnify, and hold harmless WSCA, the Participating States, and the Purchasing Entities, as well as the officers, agents and employees of WSCA, the Participating States and the Purchasing Entities, from liability of any kind or nature, including the Contractor's use of any copyrighted or uncopyrighted composition, process, patented or unpatented invention, article or appliance furnished or used in performance of this contract.

**11. AWARD:** Multiple contracts may be awarded as a result of this solicitation. Awards in requests for proposals (competitive sealed proposals) shall be made to the responsible offeror(s) whose proposals are determined to be the most advantageous to the Participating States, taking into consideration price and the other evaluation factors set forth in the solicitation. Unless otherwise stated in the solicitation, an award in an solicitation denominated as an invitation to bid will be made to the lowest responsive and responsible bidder(s) meeting specifications and all bid terms and conditions. The Participating States reserve the right to award items separately or by grouping items, or by total lot.

**12. NON-COLLUSION:** By signing the proposal the offeror certifies that the proposal submitted, has been arrived at independently and has been submitted without collusion with, and without any

agreement, understanding or planned common course of action with, any other vendor of materials, supplies, equipment or services described in the solicitation, designed to limit independent bidding or competition.

**13. TERMINATION:** Unless otherwise stated in the solicitation, any contract entered into as a result of this solicitation may be terminated by either party upon 60-days notice, in writing, prior to the effective date of the termination. Further, any Participating State may terminate its participation upon 30-days written notice, unless otherwise limited or stated in the special terms and conditions of the solicitation. Any termination under this provision shall not effect the rights and obligations attending orders outstanding at the time of cancellation, including any right of any Purchasing Entity to indemnification by the Contractor, rights of payment for goods/services delivered and accepted, and rights attending any warranty or default in performance in association with any order.”

**14. DEFAULT AND REMEDIES:**

A. Any of the following shall constitute cause to declare the contract or any order under this contract in default:

- (1) Nonperformance of contractual requirements; or
- (2) A material breach of any term or condition of this contract.

B. A written notice of default, and an opportunity to cure, shall be issued by the party claiming default, whether the Lead State (in the case of breach of the entire agreement), a Participating State (in the case of a breach of the Participating Addendum), the Purchasing Entity (with respect to any order), or the Contractor. Time allowed for cure shall not diminish or eliminate any liability for liquidated or other damages.

C. If the default remains after the opportunity for cure, the non-defaulting party may:

- (1) Exercise any remedy provided by law or equity;
- (2) Terminate the contract or any portion thereof, including any orders issued against the contract;
- (3) Impose liquidated damages, as specified in the solicitation or contract;
- (4) In the case of default by the contractor, and to the extent permitted by the law of the Participating State or Purchasing Entity, suspend contractor from receiving future solicitations.

**15. LAWS AND REGULATIONS:** Any and all supplies, services and equipment offered and furnished shall comply fully with all applicable Federal and State laws and regulations.

**16. CONFLICT OF TERMS:** In the event of any conflict between these standard terms and conditions and any special terms and conditions in the solicitation, the special terms and conditions shall govern.

**17. REPORTS:** The contractor shall submit quarterly reports to the Lead State contract administrator, and upon request to any Participating State, showing the quantities and dollar volume of purchases by each Purchasing Entity.

**18. HOLD HARMLESS:** The contractor shall release, defend, indemnify and hold harmless WSCA, the Participating States, and the Purchasing Entities, as well as the officers, agents and employees of WSCA, the Participating States and the Purchasing Entities, from and against any damage, cost or liability, including reasonable attorneys fees for any or all injuries to persons, property or claims for money damages arising from acts or omissions of the contractor, its employees or subcontractors or volunteers.

**19. ORDER NUMBERS:** Contract order and purchase order numbers shall be clearly shown on all acknowledgments, shipping labels, packing slips, invoices, and on all correspondence.

**20. GOVERNING LAW AND VENUE:** This procurement shall be governed and the resulting price agreement construed in accordance with the laws of the Lead State. The construction and effect of any Participating Addendum or order against the price agreement shall be governed by and construed in accordance with the laws of the Purchasing Entity's State. Venue for any claim, dispute or action concerning the construction and effect of the price agreement shall be in the Lead State. Venue for any claim, dispute or action concerning an order placed against the price agreement or the effect of a Participating Addendum or shall be in the Purchasing Entity's State.

**21. DELIVERY:** The prices offered shall be the delivered price to any WSCA state agency or political subdivision. All deliveries shall be F.O.B. destination with all transportation and handling charges paid by the contractor. Responsibility and liability for loss or damage shall remain the Contractor until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. The minimum shipment amount will be found in the special terms and conditions. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an order to be shipped without transportation charges that is back ordered shall be shipped without charge.

**22. WARRANTY:** As used herein "Purchasing entity" refers to any WSCA state agency or political subdivision. The CONTRACTOR agrees to warrant and assume responsibility for all products (including hardware, firmware, and/or software products) that it licenses, contracts, or sells to the PURCHASING ENTITY under this contract for a period of one year, unless otherwise specified and mutually agreed upon elsewhere in this contract. The CONTRACTOR (seller) acknowledges that all warranties granted to the buyer by the Uniform Commercial Code of the PURCHASING ENTITY apply to this contract. Product liability disclaimers and/or warranty disclaimers from the seller are not applicable to this contract unless otherwise specified and mutually agreed upon elsewhere in this contract. In general, the CONTRACTOR warrants that: (1) the product will do what the salesperson said it would do, (2) the product will live up to all specific claims that the manufacturer makes in their advertisements, (3) the product will be suitable for the ordinary purposes for which such product is used, (4) the product will be suitable for any special purposes that the PURCHASING ENTITY has relied on the CONTRACTOR'S skill or judgment to consider when it advised the PURCHASING ENTITY about the product, (5) the product has been properly designed and manufactured, and (6) the product is free of significant defects or unusual problems about which the PURCHASING ENTITY has not been warned.

Remedies available to the PURCHASING ENTITY include the following: the CONTRACTOR will repair or replace (at no charge to the purchasing entity) the product whose nonconformance is discovered and made known to the CONTRACTOR in writing. If the repaired and/or replaced product proves to be inadequate, or fails of its essential purpose, the CONTRACTOR will refund the full amount of any payments that have been made. Nothing in this warranty will be construed to limit any rights or remedies the PURCHASING ENTITY may otherwise have under this contract with respect to defects.

**23. AMENDMENTS:** The terms of this contract shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without prior written approval of the Contract Administrator of the Lead State.

**24. ASSIGNMENT/SUBCONTRACT:** Contractor shall not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this contract, in whole or in part, without the prior written approval of the Contract Administrator of the Lead State.

**25. NONDISCRIMINATION:** The offeror agrees to abide by the provisions of Title VI and Title VII of the Civil Rights Act of 1964 (42 USC 2000e), which prohibit discrimination against any employee or applicant for employment, or any applicant or recipient of services, on the basis of race, religion, color, or national origin; and further agrees to abide by Executive Order No. 11246, as amended, which prohibits discrimination on basis of sex; 45 CFR 90 which prohibits discrimination on the basis of age, and Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990 which prohibits discrimination on the basis of disabilities. The offeror further agrees to furnish information and reports to requesting State(s), upon request, for the purpose of determining compliance with these statutes. Offeror agrees to comply with each individual state's certification requirements, if any, as stated in the special terms and conditions. This contract may be canceled if the offeror fails to comply with the provisions of these laws and regulations. The offeror must include this provision in every subcontract relating to purchases by the States to insure that subcontractors and vendors are bound by this provision.

**26. SEVERABILITY:** If any provision of this contract is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected; and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the particular provision held to be invalid.

**27. INSPECTIONS:** Goods furnished under this contract shall be subject to inspection and test by the Purchasing Entity at times and places determined by the Purchasing Entity. If the Purchasing Entity finds goods furnished to be incomplete or in compliance with proposal specifications, the Purchasing Entity may reject the goods and require Contractor to either correct them without charge or deliver them at a reduced price, which is equitable under the circumstances. If Contractor is unable or refuses to correct such goods within a time deemed reasonable by the Purchasing Entity, the Purchasing Entity may cancel the order in whole or in part. Nothing in this paragraph shall adversely affect the Purchasing Entity's rights including the rights and remedies under the Uniform Commercial Code.

**28. PAYMENT:** Payment for completion of an contract is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month

on the outstanding balance. Payments will be remitted by mail. Payments may be made via a Purchasing Entity's "Purchasing Card".

**29. FORCE MAJEURE:** Neither party to this contract shall be held responsible for delay or default caused by fire, riot, acts of God and/or war which is beyond that party's reasonable control. All safety data sheets and labels will be in accordance with each participating state's requirements.

**31. FIRM PRICE:** Unless otherwise stated in the special terms and conditions, for the purpose of award, offers made in accordance with this solicitation must be good and firm for a period of ninety (90) days from the date of receipt of bids or proposals. Prices must remain firm for the full term of the contract.

**32. EXTENSION OF PRICES:** In the case of error in the extension of prices in the proposal, the unit prices will govern.

**35. INDEPENDENT CONTRACTOR:** Contractor shall be an independent contractor, and as such shall have no authorization, express or implied to bind the Participating States to any agreements, settlements, liability or understanding whatsoever, and agrees not to perform any acts as agent for WSCA or the states, except as expressly set forth herein.

**36. POLITICAL SUBDIVISION PARTICIPATION:** Participation under this contract by political subdivisions (i.e., colleges, school districts, counties, cities, etc.,) of the WSCA participating states shall be voluntarily determined by the political subdivision. The contractor agrees to supply the political subdivisions based upon the same terms, conditions and prices.

**37. E-RATE COMPLIANCE:** Contractor agrees to participate in the Federal Communication Commission's E-rate discount program established pursuant to the Telecommunications Act of 1996, and in accordance with any State and local government E-rate related requirement(s) of the authorized procuring agency.

**38. CERTIFICATION REGARDING DEBARMENT:** The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily

excluded from participation in this transaction (contract) by any governmental department or agency. If the CONTRACTOR cannot certify this statement, attach a written explanation for review by WSCA.

**39. RECORDS ADMINISTRATION:** The contractor will maintain, or supervise the maintenance of all records necessary to properly account for the payments made to the contractor for costs authorized by this contract. These records will be retained by the contractor for at least four years after the contract terminates, or until all audits initiated within the four years have been completed, whichever is later.

**40. AUDIT OF RECORDS:** The contractor agrees to allow WSCA, State and Federal auditors, and state agency staff access to all the records to this contract, for audit and inspection, and monitoring of services. Such access will be during normal business hours, or by appointment.

**41. PRICES AS CEILING:** Price agreement prices represent ceiling prices for the supplies and services priced in the price agreement. The vendor shall report to the Lead State any price reduction or discount, or other more favorable terms, offered to any Purchasing Entity, and the awarded vendor agrees to negotiate in good faith to reestablish ceiling prices or other more favorable terms and conditions applicable to future orders.

**42. STATE PARTICIPATION/UNIQUE TERMS AND CONDITIONS:** Apart from the Lead State conducting the solicitation, the States indicated on Attachment A have signified their intent to enter into a price agreement and, except where Attachment A or the solicitation requires execution of a Participating Addendum, are considered Participating States for purposes of this solicitation and the resulting contract. Attachment A of the Solicitation includes any significant State-specific provisions required by the laws, regulations, or procurement practices of the State(s).
